We do receive a number of requests, but we are only able to provide assistance as funds are available. Cradle of Hope is running out of rental assistance by the first week of the month, which has been a large factor in our decrease in Financial Assistance granted.	9

We are have tried a varied of formats over the past few months, including group and individual sessions. We are looking to increase the offerings as the year continues.	7
Material Support	Provide baby and maternity clothing, diapers, layettes, baby equipment or furniture items (non-incentive based) to pregnant and parenting women (once-a-month frequency).	175	We have seen an increase in material assistance need over the past few months as well.
